Death Cried For A Halt

HAROLD LANDAY
EVELYN SCHOFIELD
NEW YORK, June 27.—Death today called for a halt to the wedding of Harold Landay, 21, and his bride-to-be, Evelyn Schofield, when Landay fell to the floor, clutching his throat, during the marriage ceremony. Attempts to revive the bridegroom were vain and doctors pronounced his death due to heart failure.

Fallow Seeking \$1,000,000 From Federal Sources

Provincial Minister Has Large Program Of Low Cost Housing and Irrigation Plans in Sight

WINNIPEG, June 27.—Hon. W. A. Fallow, Alberta minister of public works, said grants totalling more than \$1,000,000 for a large program of public works in Alberta will be sought from the Dominion government. The minister passed through Winnipeg during the week-end, bound for the capital.

Among projects for which help will be sought are a low-cost housing scheme, an irrigation scheme, improvement of highways and roads to mineral areas, and development of waterways.

The minister maintained Premier Aberhart was far from downhearted by the Dominion government disallowing acts passed by the Alberta Social Credit administration.

"There are several ways in which we can compel the banks to relinquish the power that they have been usurping," he added.

PRINCIPLE OF NEW TAX ACT FINDS FAVOR

Rural Sections Generally Approve S.C. Caucus Reports State

Rural sections of the province, in general, approve of the principle of the Production Tax Act, passed through the legislature at its last session, according to reports submitted by Social Credit members of the legislature at the Monday morning and opening session of the twenty-first caucus for which they were summoned.

Practically all members of the party in the legislature were present when the sitting got under way at 10 a.m., while those absent were expected to return during the day, having been delayed through personal reasons. By the time the afternoon sitting was under way a 100 per cent attendance was expected.

The entire morning sitting was taken up with a discussion of the Production Tax.

Each member gave his own reaction to the act and many of the members of the caucus, including George Walsh of Stettin, were badly cut around the head. Jim Lachmund, brother of the two girls, received cuts and bruises. Carl Von Hellen, 21, owner of the truck, was only bruised and scratched.

The party, all of whom live in Alberta, was returning from a dance at Evergreen. Jim Reid, also of Edmonton, had been at the dance and was just about to leave. He was at the Alberta corner to see the Henderson truck.

He saw the truck lights behind him and when some time passed and the machine failed to appear he went back to investigate, causing the accident.

He managed to get Violet, Dorothy and Heister, all unconscious, out of the truck and rushed them to Rocky to Dr. A. C. Greenaway. They are now at Nurse Fleming's nursing home.

Violet and Heister are expected to recover but Dorothy is in a serious condition. The car is a complete wreck. Constable J. M. Leyland, R.C.M.P., is investigating the cause of accident.

Rain Brings Relief To Thousands Battling Forest Fires

More Than Inch of Rain Sweeps Sections of Peace River, Putting Out Surface Blazes.

Soaking week-end rains smothered forest fires over a wide area of the Peace River country of British Columbia and Alberta and relieved between 750 and 1,000 men fighting blazes in that area for the last two weeks.

J. A. Hutchinson, Alberta assistant forestry director, said the rains would put out most of the surface fires and assist fire-fighting crews in bringing under control the blazes burning in the ground and muskeg.

NORTH OF PEACE
The rain, ranging up to 1.7 inches at Fairview, fell in the territory north of the Peace, according to Dominion Government Telegraph reports.

That the reports said there was no rain at Grande Prairie, 250 miles northwest of Edmonton in the centre of a fire-infested area near Beaverlodge, Alberta, and Dawson Creek.

From High Prairie, to Dawson Creek and as far north as Keg River, there was plenty of rain, the reports said, adding to moisture received Friday and early Saturday.

Mr. Hutchinson said he had been quoted as saying that the rain from last week to estimate the number of fires or the territory burning in the forest had been so restricted he could make no accurate estimate.

Rainfall where measurements were made were: Dunsmuir 15, Fairview 15, Peace River 15, Keg River more than one inch.

QUEEN'S MOTHER IS BURIED AMID DOWNPOUR RAIN

GLAMIS, Scotland, June 27.—The funeral of the late Queen's Mother, Queen Elizabeth, was held today in a Rhododendron burial ground on the estate of Glamis Castle, where she died.

The bereaved Queen walked part of the way from the castle to the burial plot but the rain became so heavy that her father and other members of the family took a motor car which was being driven by the Queen's private secretary.

The funeral, however, walked the full distance, about a mile, bareheaded.

The Bishop of St. Andrews, Sir Rev. Edward Reid, read the grave-side service, which was inaudible at times because of the heavy downpour.

BOOSTER CLUB ASKS STADIUM FOR FOOTBALL

Recommends That Bleachers, Parking Be Provided At Cost Of \$7,000

Edmonton Sport Boosters Club has made application to the city for the use of the Edmonton stadium, located on the old post-secondary grounds, for rugby this coming fall. The club is requesting that the city provide bleachers, and provide car parking facilities, estimated cost of the improvements being \$7,000.

City council will deal with the application at its regular meeting Monday night, along with a report from City Engineer A. W. Hudson on the cost of the improvements, including bleachers, dressing rooms and parking space.

\$23,800 SPENT
A total of \$23,800 has been spent on the stadium since 1950, to acquire the land at a grant from the Dominion government, which formerly used it for penitentiary purposes. During the three years as a football stadium, the club has sponsored the project with a view to putting it into operation as soon as possible.

Earlier this year several alterations on council urged that the stadium be used as it was intended possible date on the city could obtain a return on its investment.

It is to be noted that the club has been successful in securing the stadium for the use of the city for the past several years. The club has been successful in securing the stadium for the use of the city for the past several years.

CRICKETERS FIGHT FOR COUNTRY TRIUMPH

Substantial Lead In Prospect Today

LONDON, June 27.—England's prospects of a substantial first-ings lead in the second cricket test match with Australia appeared bright as the teams entered the third day's play at Lord's today.

Replying to the mother country's total of 494, Australia had lost five of its best batsmen, including Don Bradman, for 289 runs at the close of play Saturday and the tail-enders will be forced to fight hard to avert the follow-on. Unless the Antipodeans are successful in carrying the total to 845, England has the option of requiring them to return to the wickets, Bradman was good for only 18 runs.

Apart from W. A. Brown and Ben Barnett, at the wickets when stumps were drawn at the week-end, Australia has only A. G. Chipperfield as a high-ranking batsman. The remaining players form a strong bowling battery but rarely perform well.

OUT OF PLAY

Chipperfield injured a finger in Friday's play and may be unable to take his place at the wicket again, although it was announced the finger was not broken as first reported.

The famous Londoner was accommodated a record crowd of 33,800 Saturday, the gates being closed long time before the first interval.

Batting honors went to Wally Hammond, England's fastest delivery, who was bowled by the wicket-keeper, W. A. Brown, sterling Queensland veteran, who alone defied the English attack with any degree of confidence.

Gloucestershire batsman went to the wickets when the game opened with an overnight score of 219 and added 30 runs before he was bowled by E. L. McCormick to become England's highest scorer in Anglo-Australian tests played at the Old Country. He was only 11 runs off his highest score made against the Aussies at Sydney in the 1928-29 season.

A spell it looked as if Hammond would reach an even higher total but he misjudged the pace of one of McCormick's fastest deliveries which displaced the middle stump. Hammond batted fruitfully for six hours, hitting 32 fours.

PLAYS SMILING

Brown opened Australia's innings with J. H. Kington and played defensively throughout the day to score 140 not out. In the initial test at Nottingham, the Queenslanders scored 133 runs in Australia's second innings, their first assistance was given by A. L. Hassett, Victoria, who scored 54 and helped Brown put on 124 runs for the fourth wicket.

Reaches 200-Win Class

CARL HUBBELL

NEW YORK, June 27.—King Carl Hubbell, fueled three times in his bid for his 200th pitching victory, succeeded Sunday as the Giants' ace pitcher against the Cleveland Indians and Ted Lyons of Cleveland Indians and Ted Lyons of Cleveland Indians and Ted Lyons of Cleveland Indians.

Hubbell became the fourth pitcher active in the game today to join the "200-win" club.

He ranks with Lefty Grove of Boston Red Sox, Earl Whitsett of Chicago White Sox and Lefty Williams of Chicago White Sox.

Hubbell's record today was 1-1. New York 600 200 304-3 4-2. French, Lee, Root and Hartnett, Hubbell and Danning.

Mike Starts Building Baer Title Contender

NEW YORK, June 27.—Daringly for the time being at least the claims of Max Baer for a "number" match with Joe Louis, Negro heavyweight champion, promoter Mike Jacobs too definite steps Saturday to rebuild Max Baer at the next title challenge.

Jacobs came to terms with Baer and the Californian's manager, Andy Hoffman, on a contract giving the promoter a three-year exclusive right to control Baer's title services. A public signing of papers took place at Long Beach, Cal., where Baer trained for many of his fights.

Jacobs plans to put Louis and Baer in the ring this September. The date and place will be left open for bits and ballyhoo. San Francisco would like to stage the fight if it could be put off until the spring of 1939 as a feature of the fair there, but the choice probably will rest between New York and Chicago for that year.

Stand Them On Heads

Ready to stand judges and spectators on their heads were Patry Robinson, left, and Helen Crinkwell, youthful home-born divers, in both for national women's open springboard championships in San Francisco.
